Our Limited Warranty and Warranty Period

When we use the terms “we,” “us” and “our” we are referring to the Company, and when we use the term “you” and “your” we mean the original end-user customer. Our products are guaranteed to be free from defects in materials and workmanship under normal and intended use for a period of 1 year from the date of purchase. This warranty explicitly covers only the electronic components, and claims will only be considered when your product LED display shows “ERR” and cannot be set for regular use due to this error. The one year warranty above becomes effective from the date purchased, shown on your printed receipt or invoice. Please complete the WARRANTY CARD completely, including **date of purchase**, **invoice number**, and **location of purchase** within 14 days of original purchase.

Replacement/Credit

If product fails due to defect in materials or workmanship during the warranty period, we will at our option, replace the product free of charge, or provide you with a replacement of comparable value. Any replacement may be conditioned upon the return of the defective device to us.

What Our Limited Warranty Does Not Cover

We offer this limited warranty only when a product is issued by the original end-user customer. We offer no other warranty. There are other limits as well. We offer NO WARRANTY in cases of damage in transit, inadequate care or neglect, abuse, abnormal use, misuse, accidents, normal wear and tear, damage due to environmental or natural elements, failure to follow product instructions, immersion in water, battery leakage or improper installation, improper storage or maintenance of the products, or improper service or causes not arising out of defects in materials and workmanship. The MED-E-LERT product will not be covered under warranty for abuse of the product beyond normal use.
